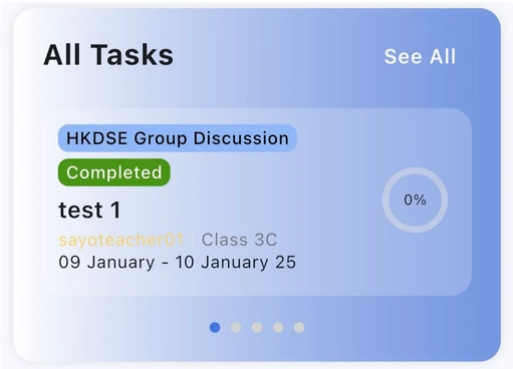
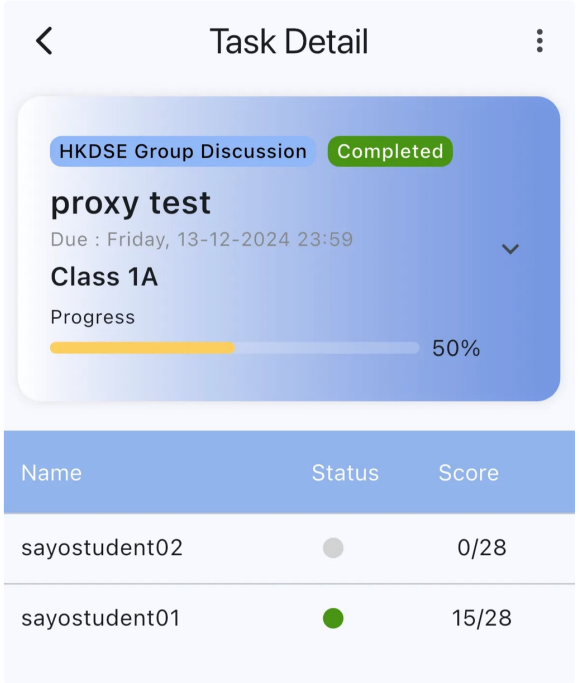
Accessing students' practice results

1. Click 'See All' on the top right of the blue box.
2. Then select the class assignment you would like to read through.





3. Once you're in, you will be able to see all students' status and results. Simply click into their name and read through their graded reports.

Tracking Student Progress & Providing Feedback

Once students complete their assignments, teachers can:

- **View individual performance reports** (accuracy, fluency, coherence scores).
- **Identify speaking weaknesses** and assign targeted exercises for improvement.
