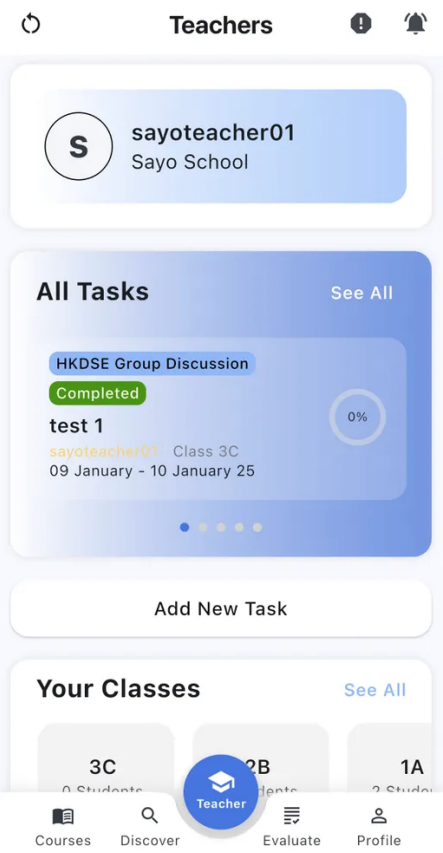
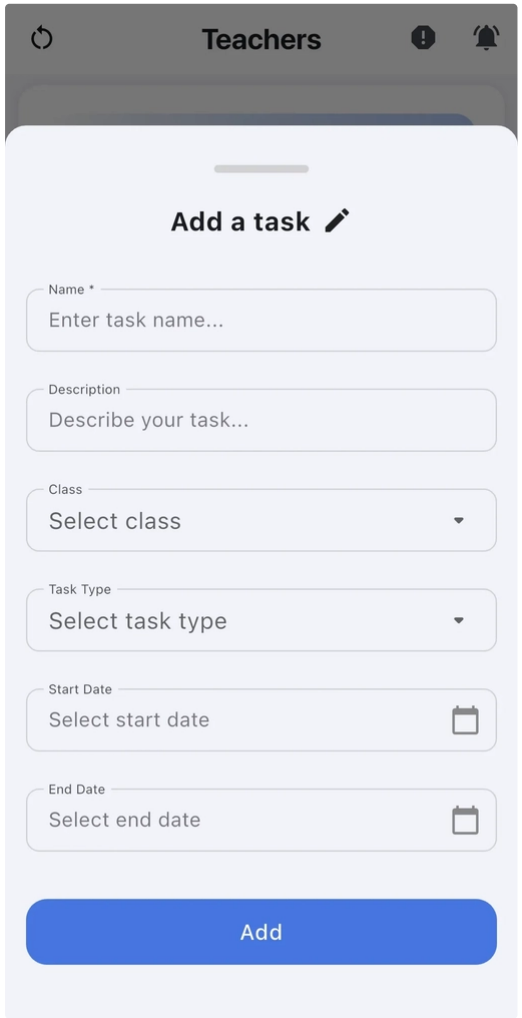
Creating a Speaking Assignment to your class

Teachers can create customized speaking assignments to align with their curriculum and students' learning goals. Follow these steps to assign tasks:



1. **Log in to Your Teacher Dashboard**
   - Visit the Sayo App and log in with your teacher account.
2. **Create a New Assignment**
   - Navigate to the Teacher's tab and click on '**Add New Task**'.


3. Input all relevant information and select the task type you would want your class to work on
    - Select from the below tasks based on your objectives (details below).
        a. Curriculum Course
        b. HKDSE Individual Response
        c. HKDSE Group Discussion
        d. Random Topic
        e. Random Image
        f. IELTS
        g. Custom Topic
        h. News Discussion
4. **Assign to Class**
    - Choose specific class you would like to assign the work to.
    - Once assigned, students will receive a notification and can begin practicing immediately.
