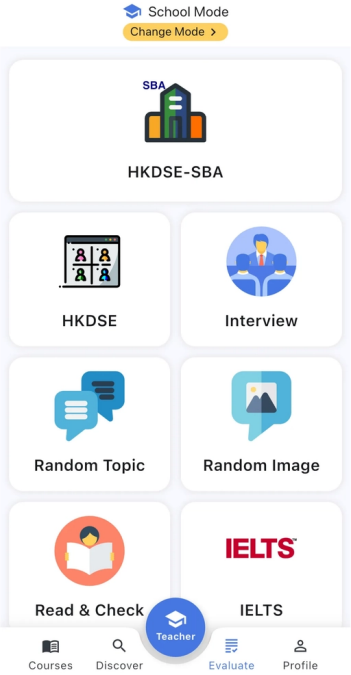
Understanding Sayo's Key Features

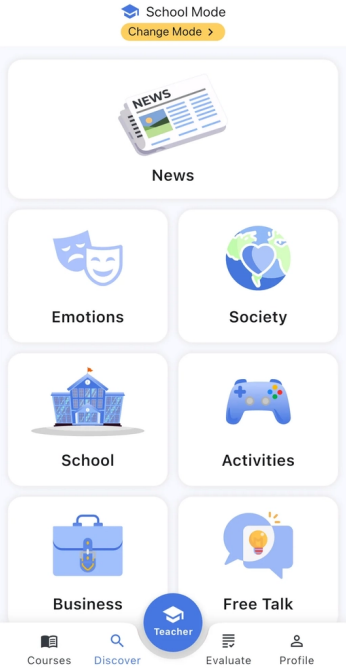
Sayo offers three distinct modes to help students engage in diverse speaking exercises:

A) Evaluate 🔍

This section focuses on structured speaking practice for curriculum-based exams.

- **Senior Forms (S4-S6)**: Practice for **HKDSE Paper 4**, **SBA**, and **Interview Preparation** for future career opportunities.
- **Junior Forms (S1-S3)**: Engage in **Random Topics, Random Images, and Read & Check** exercises for school exam preparation.
- **International Exam Prep**: Students considering overseas studies can sharpen their skills with **IELTS speaking practice**.





B) Discover 🤖

Encourages students to **discuss trending topics** and explore ideas beyond the classroom.

- AI-driven topic discussions across various subjects.
- Interactive tasks where students complete speaking "quests."
- Failure to meet task requirements may result in AI-generated penalties, making practice more engaging.

C) Courses 📖

Designed for **progressive skill-building**, this mode offers structured lessons covering:

- **Pronunciation & Vocabulary Expansion**
- **Speaking Fluency & Sentence Construction**
- **Real-world Communication (from academic discussions to business-level conversations)**
